

EQ 001155

Belkin Tablet Stage

- Adjustable platform turns your tablet into interactive presentation tool
- Capture images and live video using your tablet camera
- Can be paired with a projector, HDTV, or monitor
- Belkin Stage™ app provides advanced drawing and video options
- Integrated cable management keeps cords out of the way
- Case-compatible design works with 7- to 11-inch tablets
- Toggle between the front/ rear on your devices camera to easily switch between presenting content and filming yourself
- The intermediate angle is ideal for Face Time, Skype, or recording narratives and the steep 80 degree angle is perfect for filming presentations or lectures by positioning the camera above the stand.
