

EQ 000996

Document Camera from IPEVO

The Point 2 View (P2V) USB Document Camera provides real-time video capture for documents, pictures, and three-dimensional objects. No need for an overhead projector. With its ultra-portable size and featherlight weight, the Point 2 View is a perfect mobile solution for teaching, presentations, distance learning, and video communication of all types.

[Click here to view instructions on how to use it when doing an ipad demonstration.](#)
